CONTEMPORARY CLASSIC BEDROOM FURNITURE  
DESIGNED AND MANUFACTURED IN THE UK

# COST-EFFECTIVE, QUALITY FURNITURE THAT'S BUILT TO LAST

A revolutionary blend of form and function, Slots Furniture is the perfect solution for bedrooms and studies in student accommodation, houses of multiple occupancy (HMOs), serviced apartments, social/sheltered housing and residential care properties.

## INNOVATIVE, PRECISION ENGINEERED DESIGNS

Our unique manufacturing process uses precision engineered, **slotted joint technology** to create simple, interlocking furniture designs. Each piece is finished to the highest standards and is easy to assemble (and disassemble), with just a handful of screws.

Whilst this makes it simple to replace any broken parts, this is rarely needed. Slots Furniture has been described as **'bombproof'** by our clients, with the combination of 18mm birch plywood and patented interlocking joints giving **incredible strength**.

## FLEXIBLE FURNITURE PACKAGES & BESPOKE OPTIONS

To make life easier, we've created two 'off the shelf' packages:

- **The Standard**
- **The Space Saver**

Each features 4 of our most popular products and has the added benefit of discounted pricing if you buy in bulk – please get in touch for further details.

Alternatively, you can order as few or as many items of Slots Furniture as you like. Simply pick and choose from our range of beds, wardrobes, desks and storage units to suit the type and nature of your properties and tenants.

Please see page 15 for information about ordering, lead-times, delivery and assembly. If you need any assistance with choosing your furniture, our friendly team will be pleased to help.

# WHY CHOOSE SLOTS FURNITURE?

## TIMELESS COOL

Slots Furniture consist of contemporary forms with understated detail, creating a relaxed and modern look. A choice of colours and finishes are available to complement your property's décor.

## STRONG AND LONG-LASTING

Our designs are precision engineered using CNC technology, with the innovative interlocking joints creating a strong and durable construction. Unlike traditionally screwed pieces, which are vulnerable at the screwed point, Slots Furniture features a strong and stable joint down the length of each item.

## ETHICALLY SOURCED MATERIALS

All the timbers used to construct Slots Furniture are sourced from ethically managed, sustainable forests with Chain of Custody (CoC) certification from FSC or PEFC. Like many manufacturers, today's 'throwaway' culture is a big concern for us – which is why we set out to design and build furniture that can long withstand the trials of daily use.

## BUILT WITH SAFETY IN MIND

With very few screws and gently rounded edges, Slots Furniture is very safe for the end user.

BRITISH MADE

## THE STANDARD

Our Standard Slots Furniture package is designed for the larger room, making it ideal for bigger bedrooms. The useful addition of a bedside cabinet offers valuable extra storage space.

## FITTING AND DELIVERY OF FLAT-PACK FURNITURE IN 5 EASY STEPS:

### 1. ORDERING

Customers select the furniture they want and place an order via email: [paul@quadcnc.co.uk](mailto:paul@quadcnc.co.uk)

### 2. PACKAGING

The furniture is then wrapped and packaged for easier transportation and handling.

### 3. DELIVERY

The flat pack furniture is delivered to the customer's specified address.

### 4. ASSEMBLY

Upon receiving the flat pack, customers assemble the furniture themselves. This typically involves following step-by-step instructions provided by Quad CNC. Assembly services can be supplied for an additional fee.

### 5. FITTING

Once assembled, the furniture is positioned in the desired location in the customer's property.

Flat-pack furniture offers the convenience of easy transportation and lower shipping costs but requires some assembly from the customer. However, with clear instructions and basic tools, Slots Furniture can be assembled with relative ease.

“Absolutely loving my new student furniture setup! The desk is fantastic with plenty of space for my laptop and study materials. The storage options are brilliant, keeping everything organized and within reach. Plus, the design really ties the room together. Such a game-changer for my study sessions!”

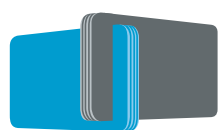

“ As a developer, I've had my fair share of experiences with various suppliers, but none have left me as impressed as Quad CNC. We recently received 100 bedroom sets for our latest project, and I must say, the quality exceeded our expectations. From the sturdy construction to the elegant design, every detail was carefully crafted. Not only did they deliver on time, but their customer service was exceptional, ensuring a smooth and hassle-free transaction from start to finish. I highly recommend Quad CNC to anyone in need of top-notch furniture solutions. They have certainly earned our trust and future business! ”
